2,000 calories a day is used for general nutrition advice, but calorie needs vary.
Additional nutritional information available upon request.
The calorie and nutrition information provided is for individual servings, not for the total number of servings on each
tray, because serving styles (i.e., trays/bowls used) vary significantly, in order to accommodate numbers of guests that
can range from single digits to thousands. Due to our desire and ability to provide custom solutions, we do not offer
standard serving containers. If you have any questions, please contact your catering manager directly.

Important: Any amount charged by Aramark (such as an administrative, service, delivery, labor, or other charge or fee),
unless expressly designated as a tip or gratuity, is not intended to be for the benefit of any employee(s) and is not a tip
or gratuity. Charges or fees other than those designated as tips or gratuities are not distributed to employees except
where expressly stated otherwise in writing.
